JHAAL'S TANDOORI

A tandoor is a cylindrical clay oven used in cooking and baking. The tandoor is used for cooking in India, Turkey, Iran, Pakistan, Afghanistan, the Transcaucasus, the Balkans, the Middle East, Central Asia as well as Burma and Bangladesh. The heat for a tandoor was traditionally generated by a charcoal fire or wood fire, burning within the tandoor itself, thus exposing the food to both live-fire, radiant heat cooking, and hot-air, convection cooking.
